

# ATTENTION ALL CANDIDATES!

On October 14 I will vote for a candidate that supports Canada being able to set its own independent health and safety standards.

# 87%

**of Canadians** agree that Canada should maintain the ability to set its own independent environmental, health and safety standards, even if this might reduce cross-border trade opportunities with the United States.

*(Results according to an Environics Research Group poll conducted for the Council of Canadians April 7-10, 2008 of 1,007 respondents with a margin of error of +/-3.09 per cent 19 times out of 20.)*
