

Terasen: Keep it in BC, not Texas!

Terasen is *our* gas company, owned here and run by hundreds of British Columbians.

It provides BC gas at BC prices for BC consumers.

But thanks to legislative changes made by the BC Liberal government, Terasen will soon be owned by Kinder Morgan, a U.S. corporation headquartered in Houston, Texas – unless the BC Utilities Commission rejects the proposed takeover bid.

All British Columbians have the right to object to this sell-off and the BCUC has the right to stop it.

Please send the BCUC a strong message before the deadline of Friday, October 14 – tell them you want Terasen to remain owned and operated here in BC, not in Texas.

Tell the BCUC you want to protect British Columbians' right to keep our valuable natural resources controlled here, not in another country!
Tell Ottawa you want to protect British Columbians' right to keep our valuable natural resources controlled here, not in another country!

WRITE OR PHONE TO KEEP IT IN BC!

FORMER PREMIER

Bill Vander Zalm

"If we keep moving things out of province and we keep headquartering someplace down in the U.S. or elsewhere in Canada, we're not only going to lose taxes, we're going to lose jobs."

RADIO HOST **Rafe Mair**

"We have taken a Canadian company that controlled the natural gas we use and turned it over to a foreign owner to use what should be our profits, public profits, to build American pipelines from the tar sands to America."
