

To MPP \_\_\_\_\_

I'm writing to ask for you to organize a public discussion on the recently signed Ontario-Quebec Trade and Cooperation Agreement. I feel very strongly that trade agreements that impact upon local communities and residents should not be negotiated or signed in secret. But since that has already happened, I am calling on you to hold a forum in which members of our community can have some informed discussion about this agreement before it is ratified by the Legislature.

In particular, I want information to be shared with members of the public on all aspects of this agreement that apply to environmental, health and safety and labour safeguards. I am also writing to the local media at this time advising them of my interest in this agreement and asking them to participate in a community-wide discussion of this Ontario-Quebec Trade and Cooperation Agreement.

Sincerely,

Name: \_\_\_\_\_
